This is to confirm that JT Group Security Solutions (K) Ltd has been providing Security Services at our facilities (Likoni Mall, Refinery & Residence) since September 2020 whereby they provide Guarding & Alarm Response services.

For the duration they have been serving us we are fully contented with their service delivery level. The workforce is fully trained and up to the mark in terms of security operations. They are fully responsible and can be entrusted with safeguarding client's property. The management team is proactive and always responsive with lasting solutions on security matters.

We therefore recommend the Company to any potential client for the same services. In case of any clarification kindly feel free to contact us.

Yours faithfully
